Abstract. This document shows the required format and appearance of a manuscript prepared for **Agriculture** journal. The abstract should consist of a single paragraph containing no more than 300 words. It should be a summary of the paper and not an introduction. Because the abstract may be used in abstracting and indexing databases, it should be self-contained (i.e., no numerical references) and substantive in nature, presenting concisely the objectives, methodology used, results obtained, and their significance. A list of up to five keywords should immediately follow, with the keywords separated by commas and ending with a period.

Keywords: *Agriculture, Farm, Wheat, Semi-arid, Sétif.*

INTRODUCTION

This document shows the suggested format and appearance of a manuscript prepared for **Agriculture** journal. Accepted papers will be professionally typeset. This template is intended to be a tool to improve manuscript clarity for the reviewers. The final layout of the typeset paper will not match this template layout. The last paragraph should contain the aim of the research and the questions to be answered. The text will be edited at one-line space down from **INTRODUCTION** with Calibri 12, first line, alignment justified

MATERIALS AND METHODS

In this section, the authors will present concise and complete the information about place of studies, materials and procedures used. The text will be edited at one-line space down from **MATERIALS AND METHODS** with Calibri 12, first line, alignment justified.

RESULTS AND DISCUSSIONS

This section has to be configured in accordance with the aim of research. The authors will present the main results in a logical manner in tables, graphics and figures. The results will be commented and interpreted from scientific point of view, with references to the data presented in specific literature. Data used in the comparative analysis must indicate the source of references. The same data/information presented in a table must not be repeated in figure. The text will be edited at one-line space down from **RESULTS AND DISCUSSIONS** with Calibri 12, first line, alignment justified.

Illustrations, tables and figures will be presented within the text at the appropriate location in their original format (Microsoft Word, Excel, jpeg, bmp ...etc.)
